

# TrustCB FAST Pricelist

## FAST 2024 Pricelist v1.3

TrustCB is the dedicated certification body for the FAST scheme. Below are the standard prices for typical certification projects. A-typical projects are estimated up-front on a case-by-case basis.

|                        |   |         |
|------------------------|---|---------|
| Standard TOE types     | Public Transportation IC Card PP compliant  | €10.000 |
|                        | Mobile FeliCa Applet PP compliant   | €10.000 |
|                        | Crypto library  | €10.000 |
|                        | Extra certificate for additional variant with minor impact (only when combined with one of the above) | €1,500  |
|                        | Maintenance (only when indicated on original application)   | €2,000  |
|                        | Extra evaluation meetings   | €2,500  |
| Non-standard TOE types | To be determined on per-project basis   |         |

All prices are excluding VAT and subject to the TrustCB general conditions.

Typical costs of additional certification activities:

| Typical Certification   | Meetings            | Price   |
|---|---------------------|---------|
| Late rescheduling of remote meeting   | 1 remote meeting    | €5,000  |
| Late rescheduling of in-person meeting  | 1 in-person meeting | €7,500  |
| Additional evaluation meeting<br>(required if earlier evaluation meeting led to fail conclusion)  | 1 in-person meeting | €10,000 |
| Additional extended <sup>1</sup> evaluation meeting<br>(required if earlier meeting led to fail conclusion, with serious issues in evaluation activities performed indicating the project has gone outside of the optimized path) | 1 in-person meeting | €12.500 |

All prices are excluding VAT and subject to the TrustCB general conditions.

<sup>1</sup> If an extra meeting is needed, the project has gone outside of the optimized path hence it will be an *extended* meeting.
