

TrustCB GSMA eSA Pricelist

GSMA eSA 2023 Pricelist v1.1

Below are the standard prices for typical certification projects running with a fully licensed evaluator for GSMA eSA certifications against GSMA eSA scheme requirements under SGP.06 v1.0.

Note this excludes licensed and administration costs to GSMA and to the evaluation lab.

A-typical projects are estimated up-front on a case-by-case basis.

Typical Certification	Meetings	Price
eUICC on certified hardware, certified crypto library and certified JavaCard with minor changes.	2	€ 25.000
eUICC on certified hardware and certified crypto library	3	€ 36.000
eUICC on certified hardware	3	€ 46.000
Maintenance with Minor Changes	0	€ 5.750
Maintenance with Major Changes	2	€ 23.000
Re-certification	1	€ 18.500

The above prices assume the meetings between the certifier and the evaluator (and optionally the Sponsor) will be held remotely. If the Sponsor wishes those **meetings to be held in-person** an **additional €1.500 per meeting** will be added to the certification price.

Typical costs of additional certification activities:

Typical Certification	Meetings	Price
Late rescheduling of remote meeting	1 remote meeting	€ 2.000
Late rescheduling of in-person meeting	1 in-person meeting	€ 3.500
Additional evaluation meeting (required if earlier evaluation meeting led to fail conclusion)	1 in-person meeting	€ 7.500
Additional extended ¹ evaluation meeting (required if earlier meeting led to fail conclusion, with serious issues in evaluation activities performed indicating the project has gone outside of the optimized path)	1 in-person meeting	€ 10.000

All prices are excluding VAT and subject to the TrustCB general conditions.

¹ If an extra meeting is needed, the project has gone outside of the optimized path hence it will be an *extended* meeting.
